

Boland
Laura Bilotti '14

Hear laughter coming from the common room? See people gathered around watching a movie? Chances are Laura Bilotti is a part of that group. Laura is a sophomore mathematics major who enjoys spending time with many groups of people in Boland and can always be found around the building. Laura is currently Boland's Hall Council President and has put a lot of effort into planning events for the whole building. Laura is an outstanding resident of Boland who is always smiling and making others laugh. She is a wonderful addition to the building and a truly caring person. For these reasons and many more, Laura Bilotti is a Stonehill Star.

Holy Cross Center
Lindsay D'Abrosca & Stephanie Cooke '15

Lindsay and Stephanie have been friendly faces in the Holy Cross Center throughout the entire semester. They are active participants at RA programs and even won the roommate game. They have fully embraced the open door policy and can almost always be found socializing with other residents and friends or helping to decorate the halls. They are nice to everyone they meet and with their outgoing personalities it is no surprise that they know everyone on their floor. They consistently go above and beyond to foster community and have had such a positive impact on the Holy Cross Center.

O'Hara
Ravi Dhameja, '15

Ravi is a kind, helpful, well-rounded individual. Everyone he comes in contact with has nothing but good things to say about him. He is not afraid to step up and take control in difficult situations. He is extremely intelligent, mature, and aware of what is needed from him by his friends and those around him. Ravi's genuine personality and positive attitude are only a few of the many reasons why he deserves to be a Stonehill Star. In addition to being an active participant at Hall Council meetings, Ravi also volunteers at the Hope House for children and adults with developmental, mental and physical challenges. We are lucky to have Ravi as a part of the O'Hara community!

Pilgrim Heights
Erin Burns, '15

In Pilgrim Heights, Erin is the girl to count on when it comes to programming! She attends almost all of the programs that she can in the Heights in order to meet new people, and support the RA staff. Erin also contributes to community building in the Heights like no other. Over the past few weeks, Erin has completed both a sketch of Flynn Hall, and a painting of Benaglia Hall, where she lives. Both of the pieces are amazing and really instill a sense of "Heights Pride" when residents see them. Most of the time Erin can always be found sitting in the common room doing homework, spending some time with her suite mates, or doing some crafts. When not hanging around the Heights, Erin is actively involved in PRIDE as well as the arts here on campus. Erin is great at making everyone feel included and like they belong and that is why she should be a Stonehill Star.

The Courts
Pamela Bardhi '2013

Pammy is a Communications major and is working on creating her own entrepreneurial studies major. Also known as DJ Pammy B, she can be found DJ-ing Quincy's Social Gatherings on the weekends. Pam is an excellent resident of the Courts who always has a positive attitude and is respectful of her living space. She can often be found mingling with people in her house as well as cleaning up after Social Gatherings. Pam's a familiar face on campus as well - she was featured in *The Summit's* first issue of this year in the "Ask Anything with..." column. All in all, Pam is an upbeat and helpful Courts resident who deserves recognition this month!

Corr Hall
Nick Presentado '14

A constant presence within the Corr community, you can see him every week participating in hall council, attending RA programs and most days having lunch or just hanging out in the Corr kitchen. This month Nick helped set up for the Haunted Sem, attended, and also helped to clean up after the event was over. He is also a member of the Stonehill College Democrats and a new club, College Youth in Government and recently completed a season with the Stonehill Intramural Flag Football team Going Favre. Nick is an honors scholar and has been a guest host on the radio show "The Flow" for WSHL on a few occasions. He is always willing to offer a helping hand, and give input on ways to improve things in Corr, and Stonehill as a whole. This is why Nick Presentato is the Stonehill Star for the month of October.

Villa Theresa
Kristen Chuba '14

Kristen is one of the friendliest women in all of Villa, and goes to EVERY program. A while ago she went to an RA's program in Villa when not even any of his own residents showed up. She brought homework and stayed the whole time because that is the kind of person she is! She is welcoming of everyone, and encourages the hall to get involved in the res hall. When not in Villa Kristen can be found at various activities on campus or practicing with the Dance club. Since she is so respectful, friendly, and outgoing, we are pleased to call her our star this month!

Du Lac
Wanny Munoz '13

Wanny has done a stellar job being Notre Dame du Lac's Hall Council President. Her positive and outgoing personality is like no other. She successfully pulled off a "Snakes on a Plane" theme for Haunted Sem along with the other committee members. Wanny did the shopping for Haunted Sem, helped set up, acted in it, and even broke it down after. Even though there were others that could've helped with this, she took it upon herself to be involved in the whole process. She also has many great ideas for building community in du Lac. She is dedicated to this position and is mindful of the needs of the residents in du Lac. She is a very friendly person, and has a contagious laugh. Wanny is a great asset to the NewDu community and that is why she is our Stonehill Star of the month.

**New Hall
Adrian Curtin '13**

Adrian is a junior Bio-Chemistry major living on the 2nd Floor in New Hall this year. Adrian has been a great resident, always stopping by to say "hi" to the RAs on duty. He has attended all of his RA's programs so far this semester and has helped out in both the setting up and cleaning up of these programs. Adrian is always generously picking up falling signs or re-hanging up posters in the hallways. One day out of his own charity, Adrian took a broom and swept up all of the cigarette butts out behind New Hall, without anybody ever asking him too. If you are in the need for a laugh, he always has a good joke up his sleeve. He is constantly contributing to the area by carrying out small acts of kindness. Adrian is a generous, kindhearted resident, who is an amazing addition to the NewDu community!

**Resident Assistant
Kat Womboldt '12-New Du**

This past month, Kat made adorable door tags that not only tied into Halloween, but also integrated breast cancer awareness to highlight October as breast cancer awareness month. This was perfect, because one of her programs for this month was taking a group of residents to the breast cancer walk in Boston. Before the walk, residents had the opportunity to tie-dye shirts pink as part of the program. Her second program, a beer tasting event at Brother Mike's, was also a huge success. Many residents from both New Hall/DuLac and the Courts attended and were able to try 3 different beers and learn how to pair each with the appropriate snack. During Columbus Day weekend, Kat put up paper apples with each staff member's name on it, along with an instructional note. The note informed us that each week, a different staff member apple would be pinned to the bulletin board in the office, and other staff members are encouraged to pin up notes of praise and compliments to that staff member. Now on duty, it has become customary to stop in the dulac office to write the staff member of the week a nice note. On top of everything, this RA works jobs at two different local elementary schools during the week, holds an on-campus job, and is a member of the women's rugby team. Oh yeah, she goes to class too! For all of these reasons, I believe Kat Womboldt deserves to be recognized as RA of the month.

Program of the Month
Nancy Cerqueira '13

Spirits, ghosts, and...Stonehill? With the Halloween season completely upon us, Nancy Cerqueira hosted an innovative spiritual program for the residents of New Hall and Notre Dame du Lac called "Afterlife: *Finding the Ghost of Stonehill*". The residents arrived in the du Lac second-floor lounge as the program began with a ghost story from Fr. Hugh, Director of Campus Ministry. This story was the perfect precursor to the rest of the evening as the group went in search of their own ghost story in Donahue Hall. This next part of the program began with a few Stonehill ghost stories, including the spirit that lives in Donahue Hall. Finally, the group settled down and watched a scary movie together in the reception area on the first floor to complete the night. This was such an innovative and appealing program, utilizing many resources, and it brought together a group of upperclassmen residents on a Friday night. Nancy continues to set the bar high for NewDu, and for all RA programs on campus!

Community Associate of the Month
Rev. Richard Gribble, C.S.C.
Religious Studies – O'Hara Hall

Fr. Gribble has gone above and beyond the duties of a traditional CA. While other CAs may only come to 2 programs a semester, Fr. Gribble has gone out of his way to make it to every single program his RA has put on. This is regardless of his personal interest or knowledge of the program content. This includes showing up to cheer the residents on at a Super Smash Brothers tournament and even participating in a Mario Kart program designed to inform residents of the dangers of drunk driving. Fr. Gribble, who had never even held a video game controller before the program, actively participated and tested the Fatal Vision Goggles, both in-game and around the common room, with the residents. Outside of visiting programs, Fr. Gribble has gone out of his way to send personal invitations to the residents informing them about up-and-coming programs and activities in the building. Furthermore, Fr. Gribble has provided a resource outside of the CA position for the residents of O'hara, as well as myself, to discuss classes, school, or life in general. Fr. Gribble is the model of what the CA position should be and should serve as an example to all those who are willing to participate in the program
